

Construction Progress Summary

Site Information

- Date: 2025-07-01
- Location: Downtown Project Site
- Supervisor: Arush Karnatak
- Weather: Thunderstorm, 19°C

Key Metrics

- Overall Completion: 10% (Project progress)
- Structural Integrity: 30% (Building stability)
- Quality Score: 80% (Workmanship quality)
- Safety Compliance: 92% (Adherence to safety standards)
- Schedule Adherence: 74% (Timeline progress)
- Alignment Accuracy: 52% (Precision in construction)

Component Summary

- Total Components: 52
- Completed: 39
- In Progress: 10
- Pending: 3

AI Summary

Project progress is steady with most critical components completed. Safety compliance is high, but schedule adherence requires attention due to recent delays in HVAC and flooring.
